

Business Requirement Document

Screen 1: This screen shows up when someone opens the platform via search from the web:

The Videos sections which will be shown at the start will be:

- Featured
- Recommended
- Latest
- And Subscribe channel will show up to boost their interest to sign up for the platform.
- Searching videos can be done without sign in.

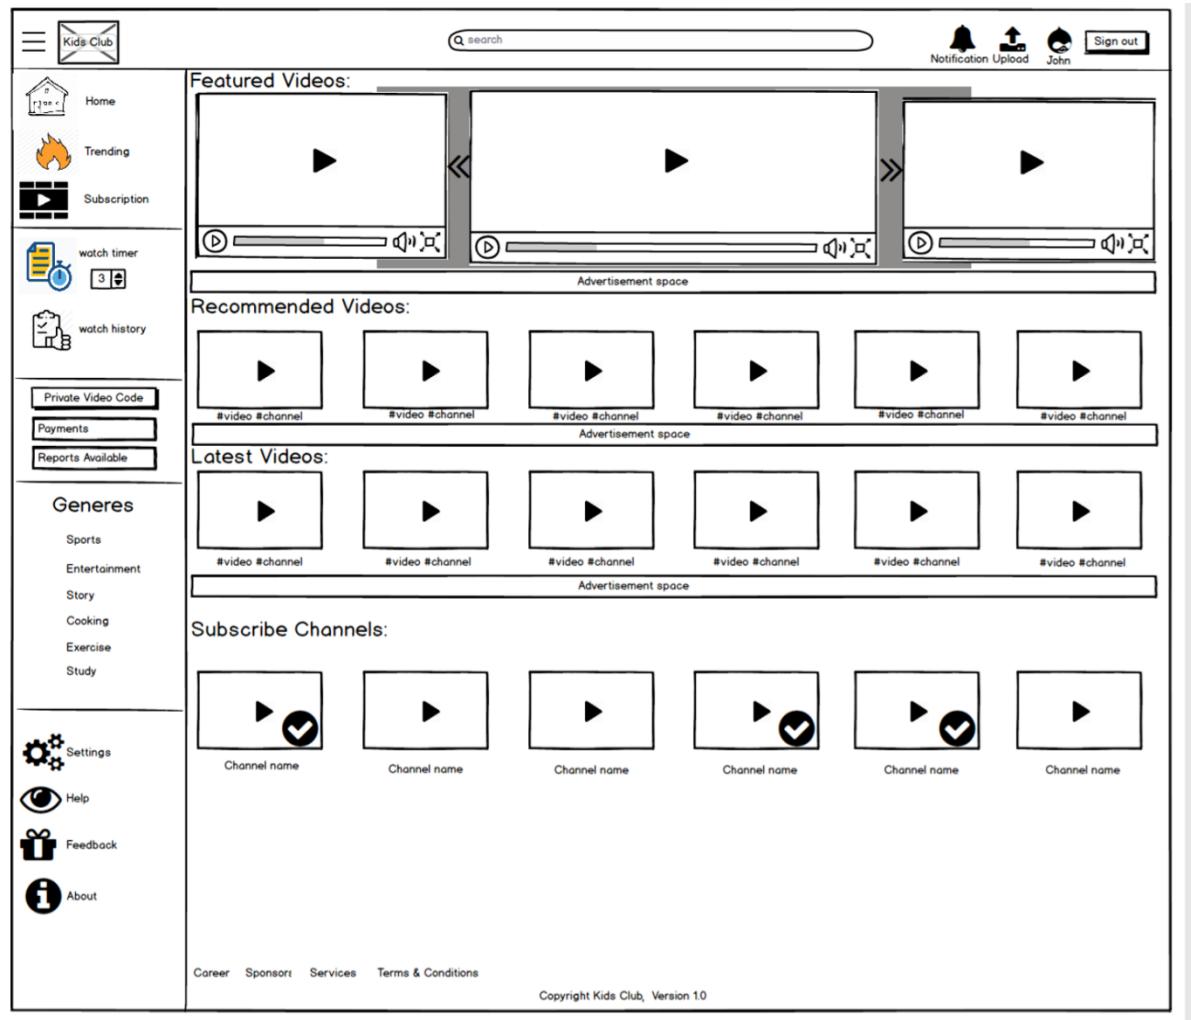

Moreover, there will be options for:

Sign in.

Upload feature will navigate to sign in page, if not have the account need to signup first.

**other than viewing videos, searching via tab, genres selection via clicking, “About” on this page all the other options will require to do sign up first.

Screen 2: When the user signed into the platform, as an example we took John as a user here. – nearly similar to 1st screen

With the sign in page:

The user profile will be visible with their photo or with the selected Emo ji they want to show.

Notification tab will be visible which will give them notifications regarding:

- New videos uploaded
- Their Subscribed channel uploaded a video
- Payment schedule if applicable to them
- Reports if applicable to them

In case of Profile used by companies for example schools their notification tab will show number of new users who watched their videos and number of people subscribed for their channel.

Watch timer will be enabled when they signed in which will count the number of videos watched as per the user.

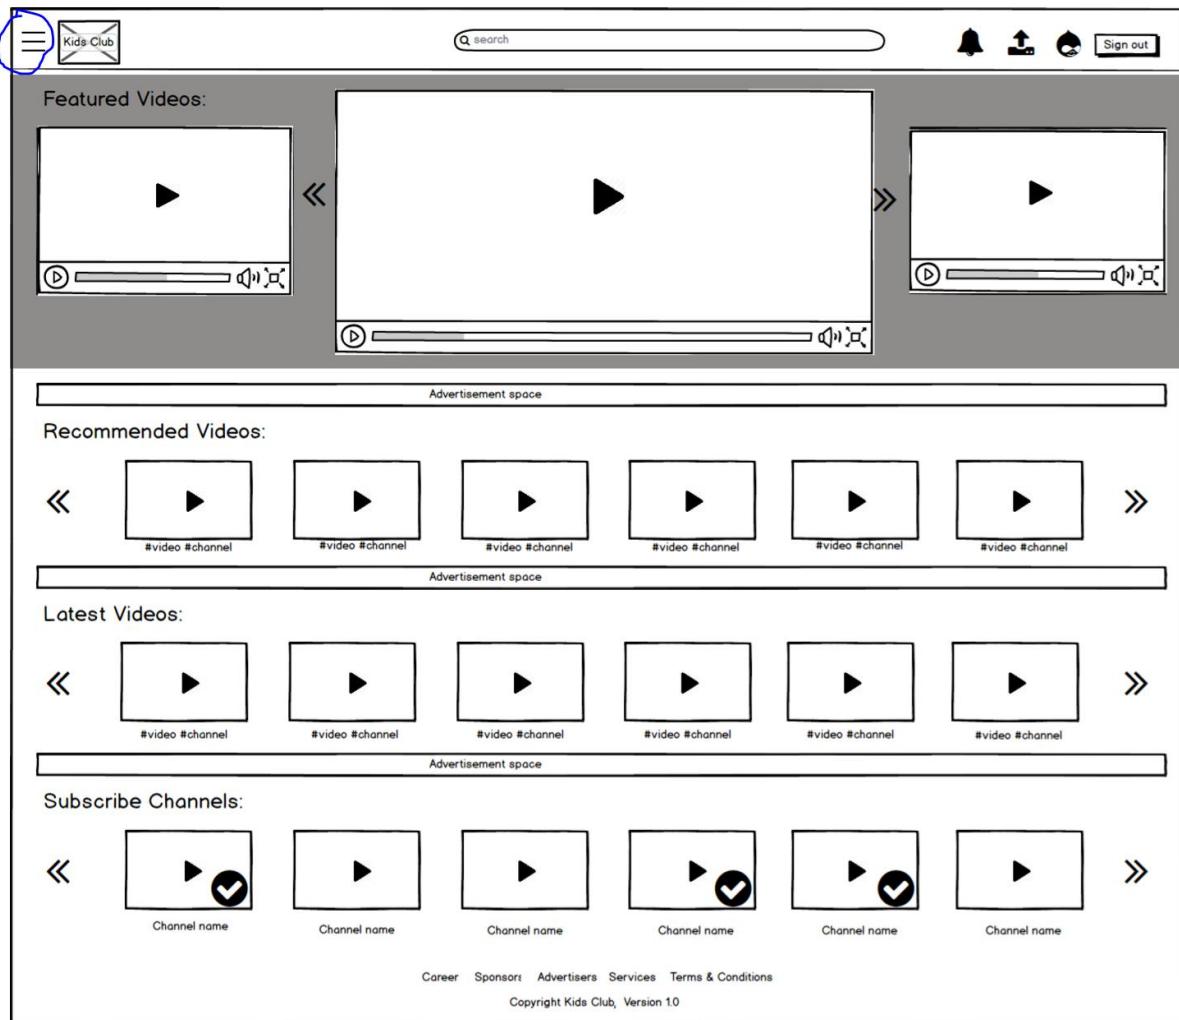

Watch History will show them their history.

Private video code will also be enabled with the signed in profile where they can watch private video with the special code if they have.

Payment They can check payments on their account and can also check for the new payment plans and can also change their payment plans.

Reports: they can opt for report services from here and can also check if they have new reports available or not.

Navigation Burger Bar:

User can click on the navigation burger bar which will hide the navigation side.

Screen 3: Sign in Page:

The sign-in screen features a header with a menu icon and a 'Kids Club' logo. The main area contains fields for 'Username' and 'password', each with placeholder text 'rr'. Below these are 'Forgot Password' and 'Login' buttons. A link for 'Need to register for account?' leads to a 'Signup' button. At the bottom, there's a 'Login With' section featuring Facebook and Google+ icons.

When user sign in to the platform they have options to sign in via google or Facebook or they can use their registered username and password on the platform.

User should not be allowed to Sign In using Google/Facebbok, if that particular account is not pre registered. In order to register it, Follow Sign Up Page considering user type.

***While login with FB or Google they need to signup with FB or Google.

Screen 4: Forget Password screen:

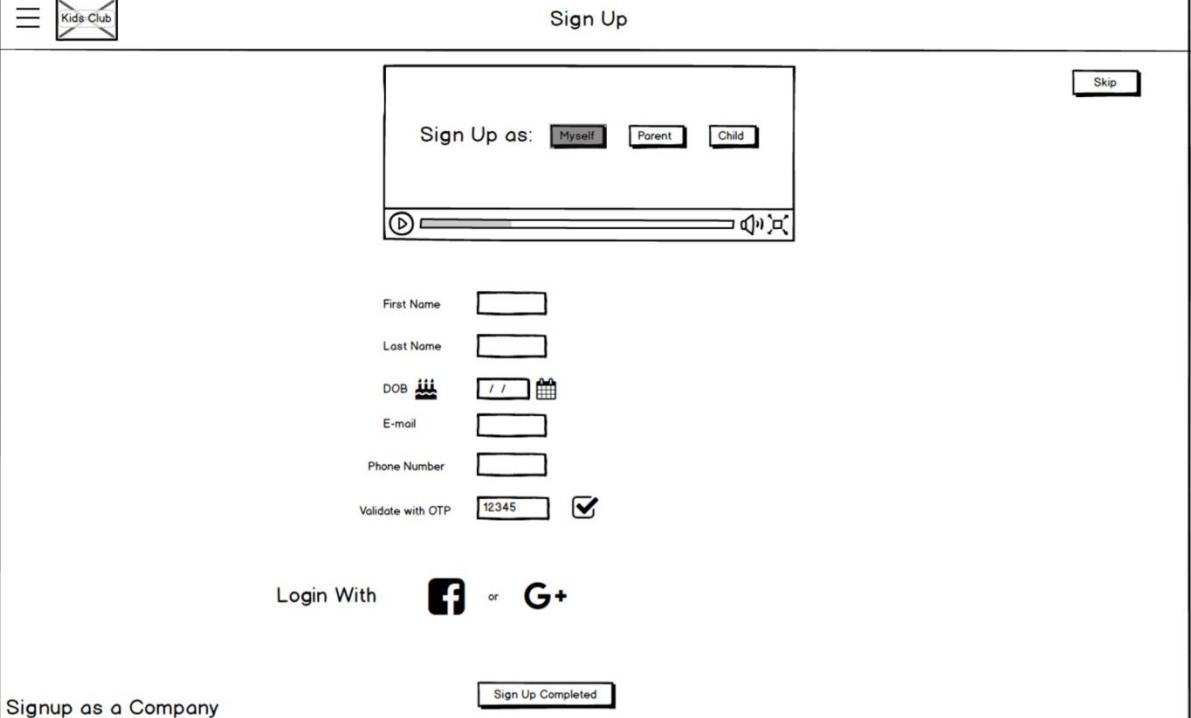

The forget password screen has a similar header and layout to the sign-in screen. It includes fields for 'Email or Mobile Number', 'OTP', 'New Password', and 'Re-enter Password', all with placeholder text 'rr'. It also includes 'Help' and 'Login' buttons, a 'Need to register for account?' link, and a 'Signup' button. The 'Login With' section at the bottom is identical to the sign-in screen.

In case the user forgets the password, they can regenerate the password via entering their email or mobile number where they will get OTP (one-time password) and then need to enter new password.

Else, they can sign in via FB or Google.

***While login with FB or Google they need to signup with FB or Google.

Screen 5: Sign Up Page:

The screenshot shows the 'Sign Up' page for 'Kids Club'. At the top left is a logo with three horizontal lines and the text 'Kids Club'. The top right has a 'Skip' button. The center title is 'Sign Up'. Below it is a sub-section titled 'Sign Up as:' with three radio buttons: 'Myself' (selected), 'Parent', and 'Child'. There are also volume and screen brightness sliders at the bottom of this section. The main form area contains fields for 'First Name' (text input), 'Last Name' (text input), 'DOB' (date input with a calendar icon), 'E-mail' (text input), 'Phone Number' (text input), and 'Validate with OTP' (text input containing '12345' with a checked checkbox). Below these fields is a 'Login With' section featuring 'f' for Facebook and 'G+' for Google+. At the bottom left is a 'Signup as a Company' link, and at the bottom right is a 'Sign Up Completed' button.

<<User profile photo upload is to be there as an optional field>>

In signup there will be 3 options as:

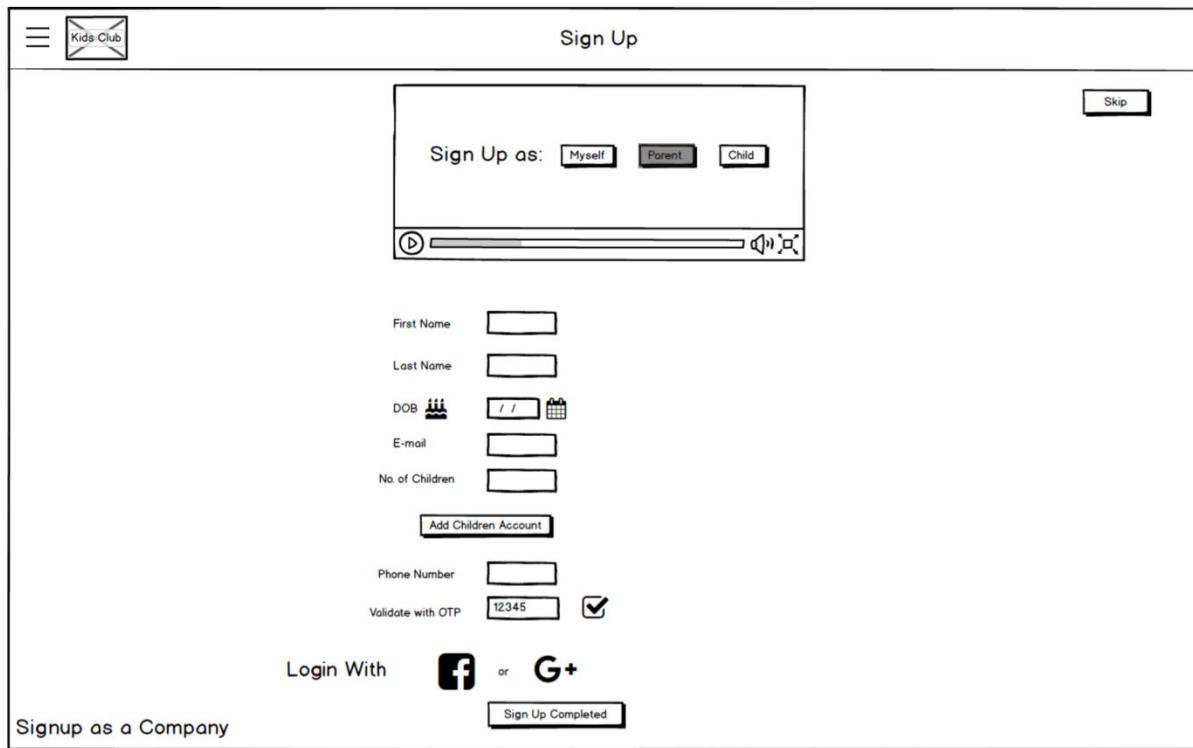

- Myself
- Parent
- Child

Myself: which means user can sign up only for one single person where he need to populate following fields.

If user presses on skip button signup process will skip and user will go to the screen 1 without user sign in screen.

Signup Completed will be coloured green when they get registered to the platform and will be redirected to their signed in profile.

Signup as a parent:

The image shows a mobile application's sign-up screen titled "Sign Up". At the top right is a "Skip" button. Below it is a section titled "Sign Up as:" with three options: "Myself" (selected), "Parent", and "Child". A progress bar at the bottom of this section is mostly filled. The main form area contains fields for "First Name" and "Last Name" (both with placeholder boxes). Below these are fields for "DOB" (with a date icon) and "E-mail" (with a placeholder box). There is also a field for "No. of Children" (with a placeholder box) and a "Add Children Account" button. A "Phone Number" field is followed by a "Validate with OTP" field containing "12345" and a checked checkbox. At the bottom left is a "Login With" section featuring "f" (Facebook) and "G+" (Google+) icons. At the bottom right is a "Signup Completed" button.

Sign Up

Sign Up as: Myself Parent Child

First Name

Last Name

DOB /

E-mail

No. of Children

Add Children Account

Phone Number

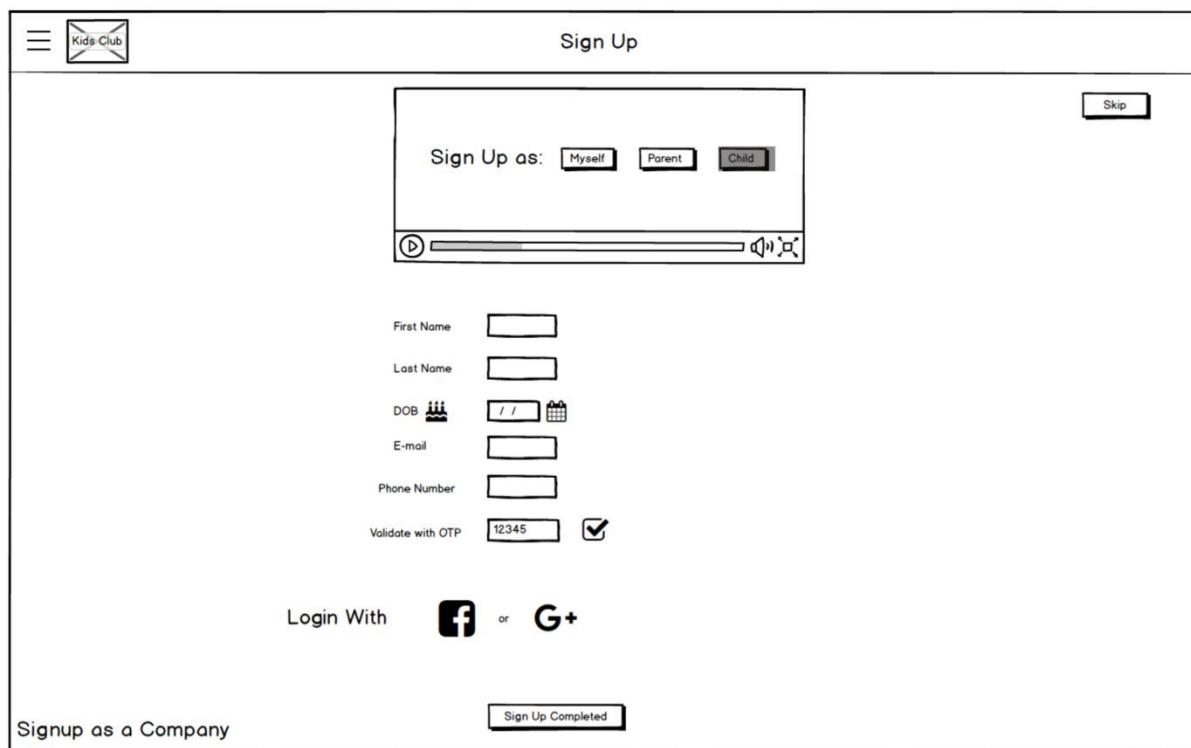

Validate with OTP 12345

Login With  or 

Signup as a Company Signup Completed

- Parent can signup on the account for that they need to be 21+
- They will be ask for the number of children they have, and they can only add two children in the free version to add more children they need to pay for that.
- Signup will be validated via OTP.
- Skip will take them to screen 1 i.e. without user.
- Signup Completed will be coloured green when they get registered to the platform and will be redirected to their signed in profile.

Signup as a Kid:

The image shows a mobile application interface titled "Sign Up". At the top left is a "Kids Club" logo with a gear icon. At the top right is a "Skip" button. The main title "Sign Up" is centered at the top. Below it is a sub-section titled "Sign Up as:" with three buttons: "Myself" (unselected), "Parent" (selected, highlighted in grey), and "Child" (unselected). This section includes a play button icon and a volume control icon. Below this are input fields for "First Name" and "Last Name", each with a placeholder icon. There is also a date of birth field with a calendar icon, an email field, a phone number field, and an OTP validation field containing "12345" with a checked checkbox. Below these fields is a "Login With" section featuring "f" (Facebook) and "G+" (Google+) icons. At the bottom left is a "Signup as a Company" link, and at the bottom right is a "Sign Up Completed" button.

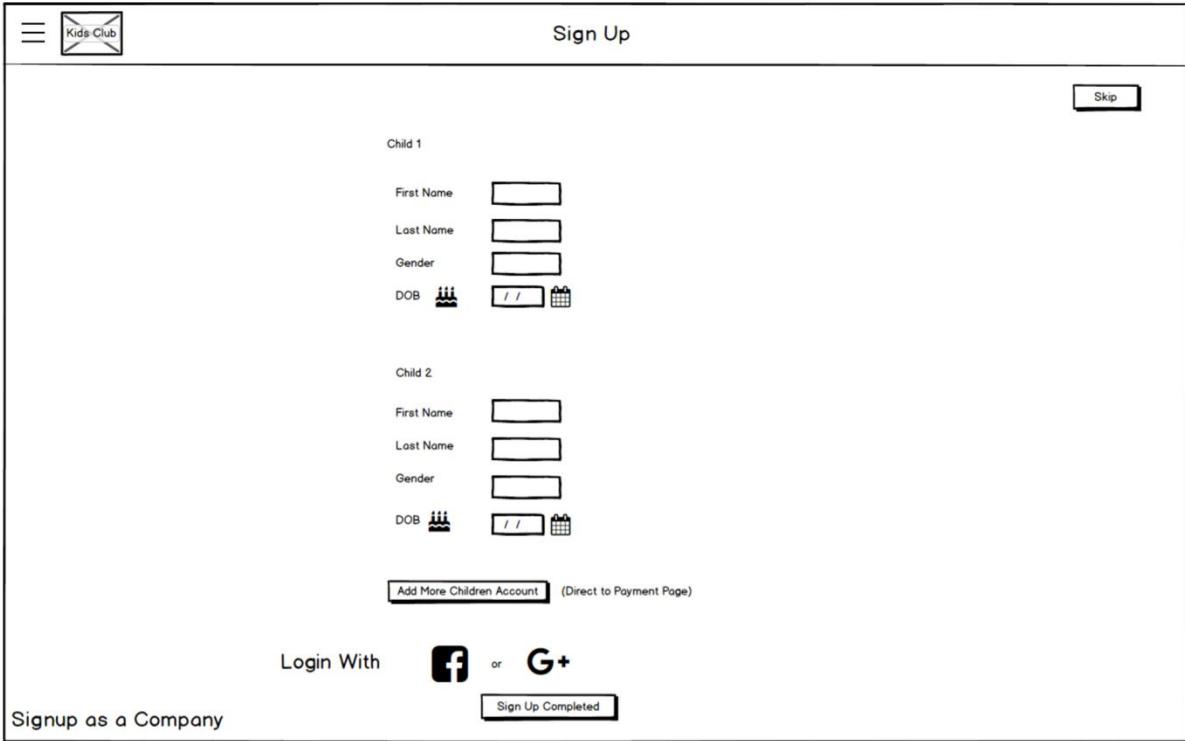

Only Children with 13+ can opt for this service below that will not be able to sign up and the message will be shown as:

"You need guardian Account"

Other than that, can sign up by populating following fields.

Signup Completed will be coloured green when they get registered to the platform and will be redirected to their signed in profile.

Screen 8: Screen for parents to register their Children:

The image shows a 'Sign Up' form for children. At the top left is a 'Kids Club' logo with three horizontal lines. To its right is the 'Sign Up' button. In the top right corner is a 'Skip' button. The form is divided into two sections: 'Child 1' and 'Child 2'. Each section contains fields for First Name, Last Name, Gender, and DOB. There are input boxes for names and gender, and a date picker icon for DOB. Below the sections is a button labeled 'Add More Children Account (Direct to Payment Page)'. Underneath the sections are social media login options: 'Login With' followed by Facebook and Google+ icons. At the bottom left is a link 'Signup as a Company', and at the bottom right is a 'Sign Up Completed' button.

Here parents need to sign up for their children where they can add maximum 2 children via populating following fields.

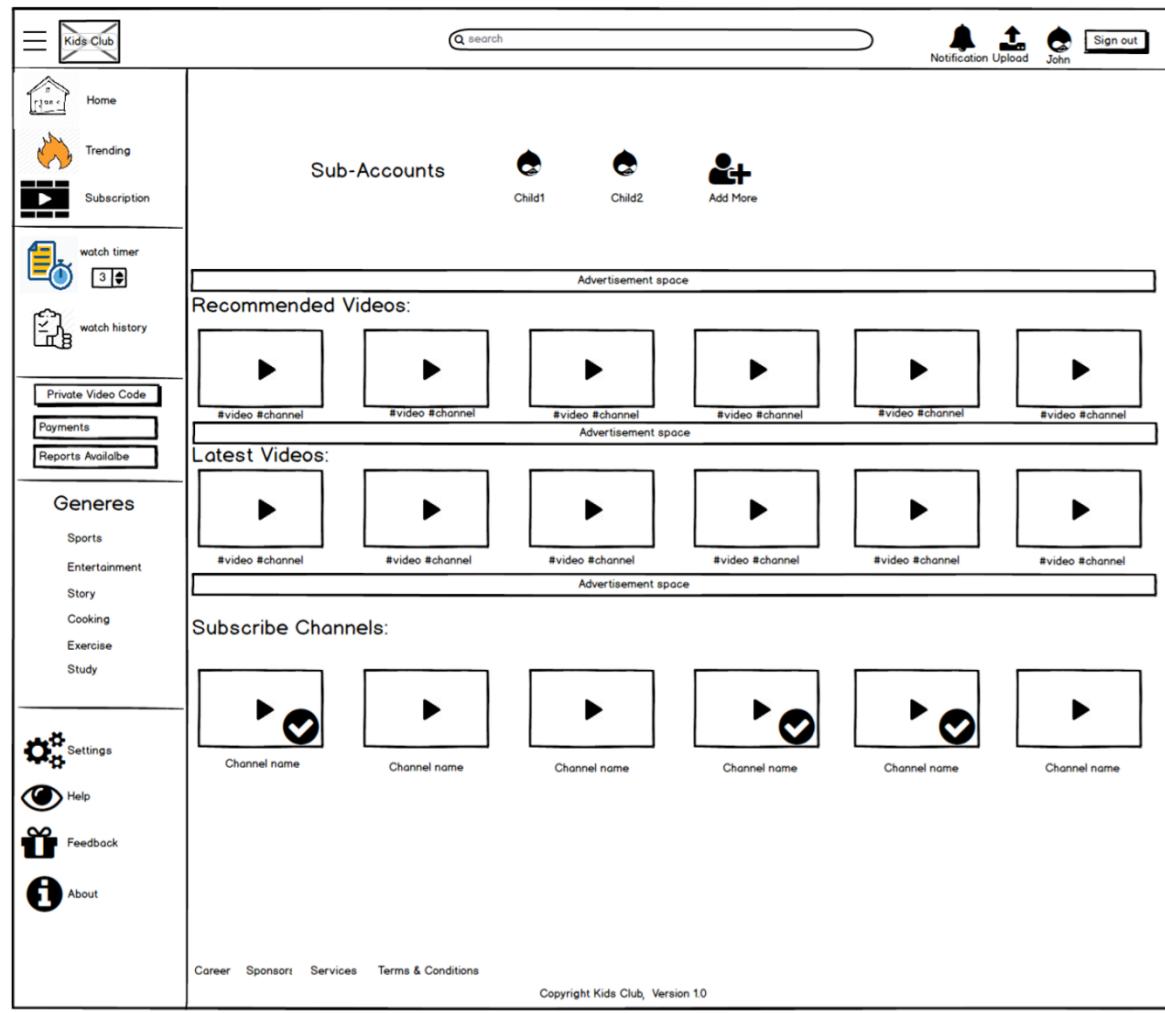

Add more children will redirect them to the payment page where they need to pay for adding profile of the 3 children.

Note: User Can Sign Up Via FB or Google but they need to select the option they are signing up as:

- Myself
- Parent
- Child

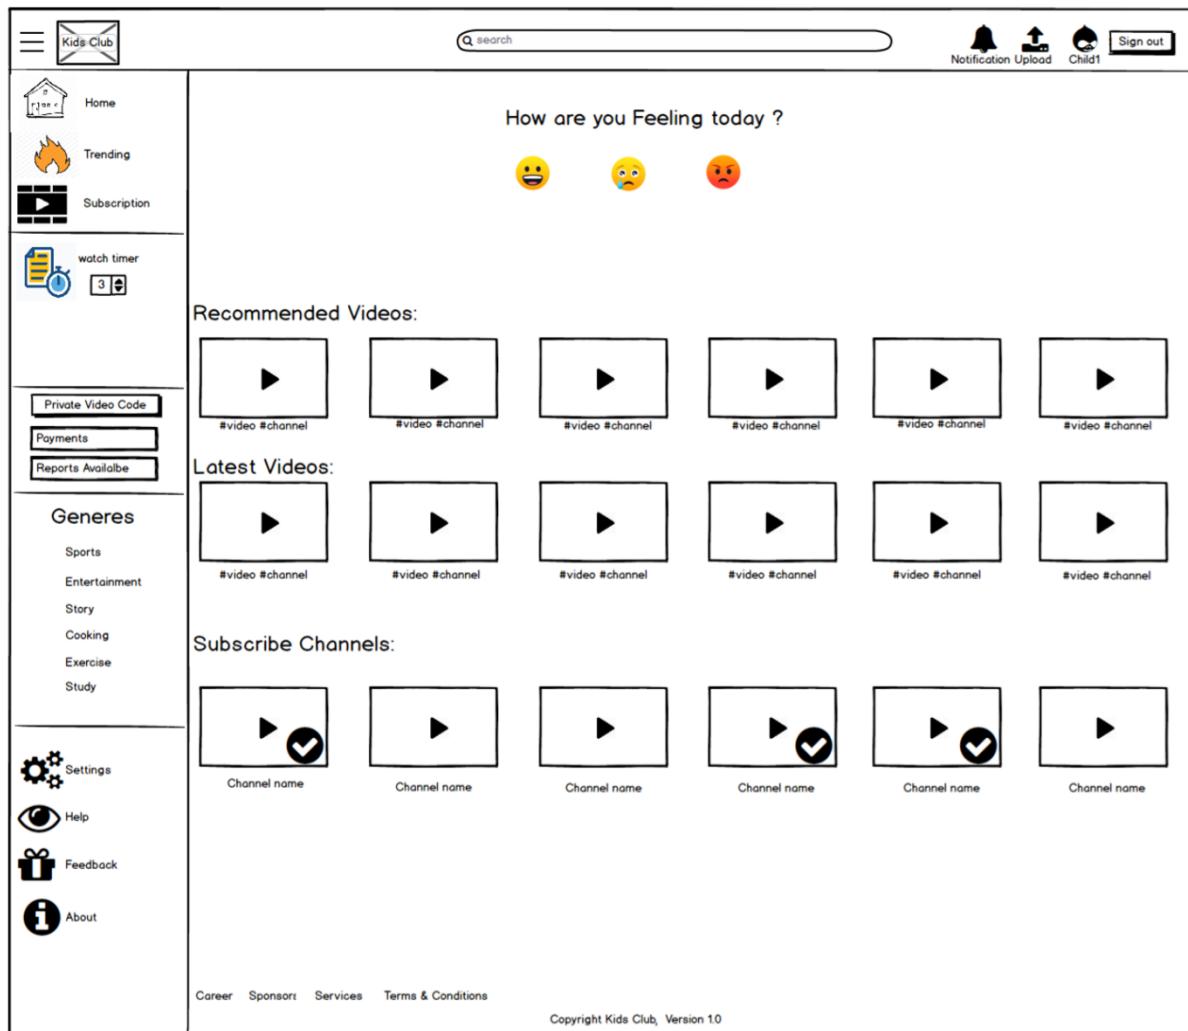

And same pattern will follow, as OTP is mandatory.

Screen 9. When Parents sign in their sign in page will be look like this:

Where everything is same except the sub accounts field where they can select account for their children to watch restricted as per the age and here they can also add more child by opting for paid services.

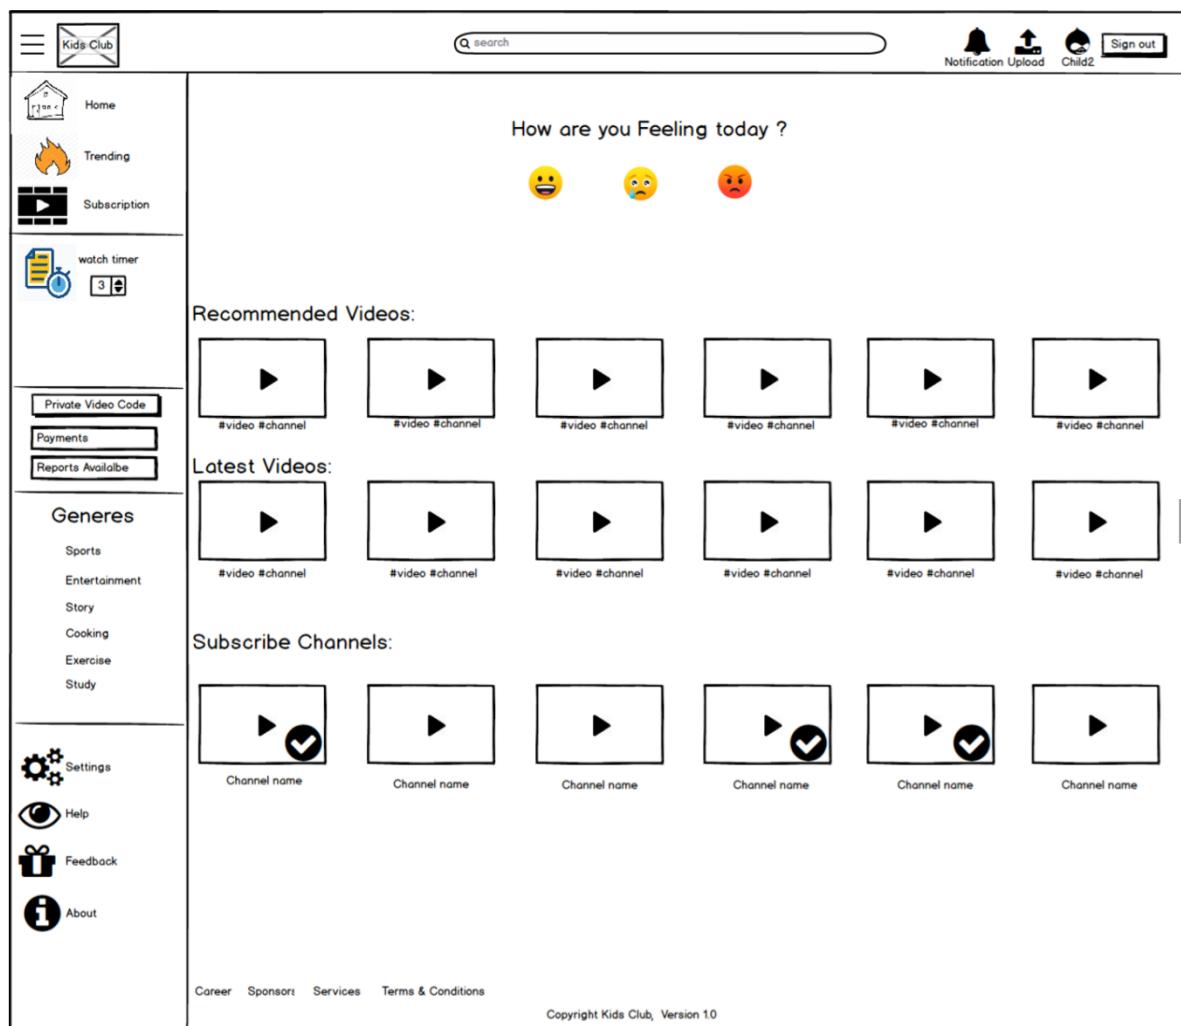

When Child login to their page with the help of their parents this page will show up:

Where child can answer their mood, which need to be recorded, and that mood will study with the video history of the child.

Here the profile will have the child picture or Emoji as selected by their parents and upload option will revert child profile to parent profile where the uploading is done via parent profile.

Same goes with the child 2:

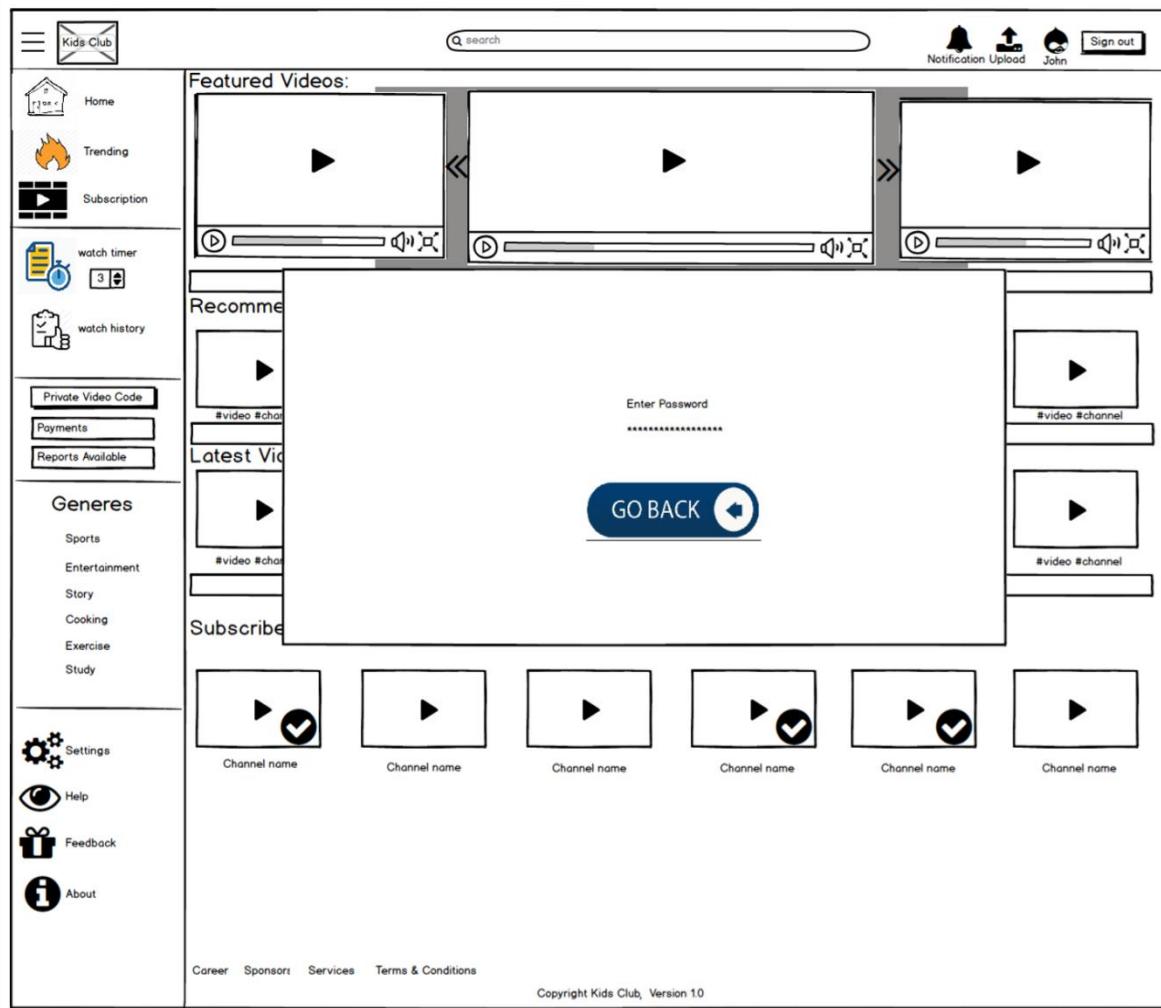

Exactly same as Child 1.

Here the profile will have the child picture or Emoji as selected by their parents and upload option will revert child profile to parent profile where the uploading is done via parent profile.

If child sign out from the account their parent again need to sign in to their profile.

If Child try to Upload the video or want to operate his/her parent account:

To switch the account to other child or to parent from child profile or to upload the video

User need to enter the parent password.

Else they can go back.

***If Parent forget the password they can sign out and can reset password.

Screen 10: Company Signup Page:

The image shows a user interface for 'Company Sign Up'. At the top left is a 'Kids Club' logo with three horizontal bars. The title 'Company Sign Up' is centered at the top. On the right side, there is a 'Skip' button. Below the title is a large rectangular area labeled 'Intro Video' with a play button icon. Underneath the video area are five input fields: 'Company Name' (with a placeholder box), 'Address' (with a placeholder box), 'E-mail' (with a placeholder box), 'Phone Number' (with a placeholder box), and 'Validate with OTP' (containing the code '12345' and a checked checkbox). Below these fields is a 'Login With' section featuring 'f' (Facebook) and 'G+' (Google+) icons. At the bottom center is a 'Sign Up Completed' button.

<<Optional profile logo of company to be there>>

People can register themselves as a company on via company sign up page and they need to populate following fields and they will be signed up as a company.

And their will be informational video playing on the top of this page which will be informational to them to why signed up as a company.

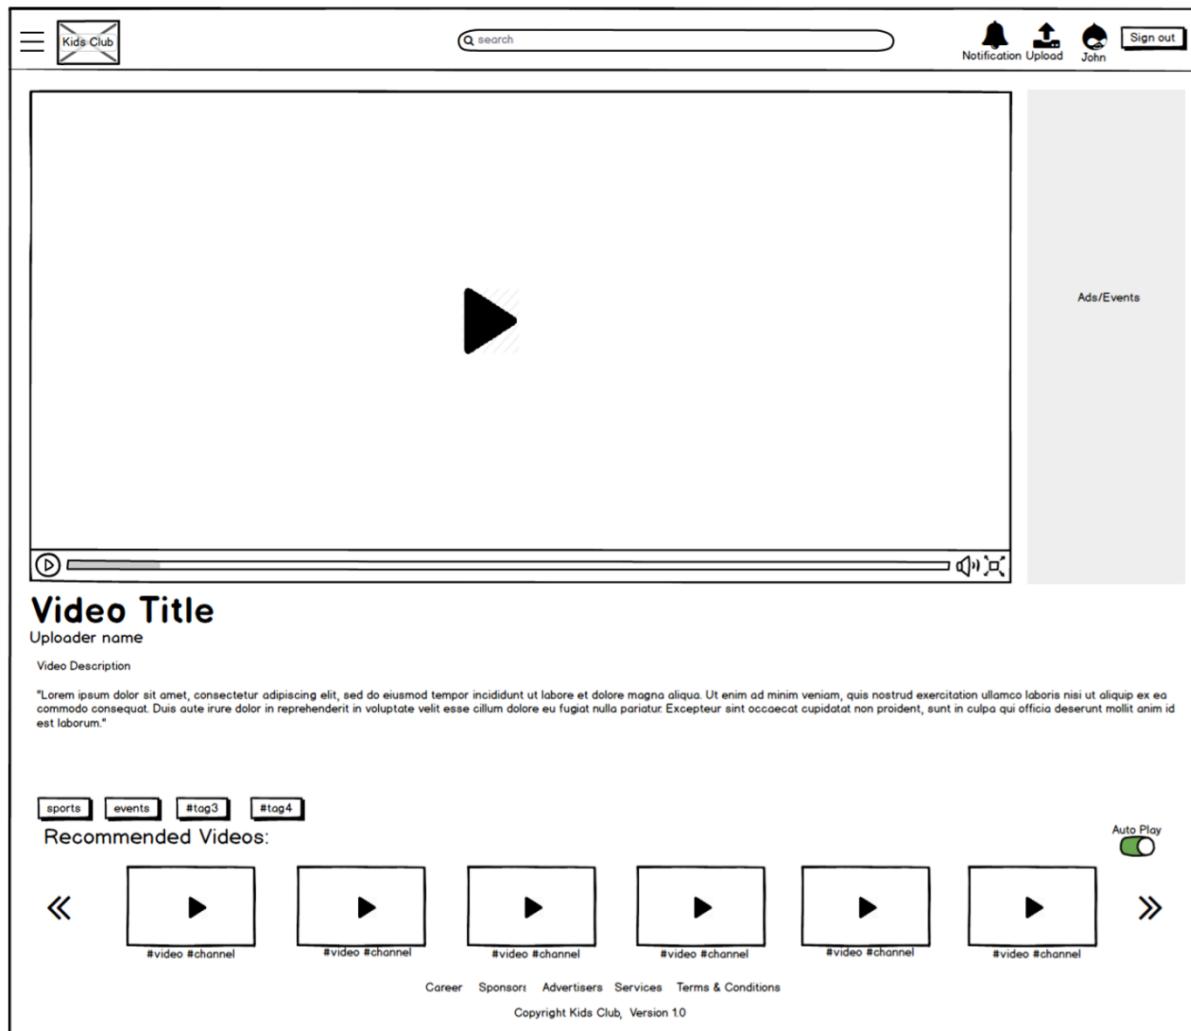

Screen 11: User Watching video without sign in:

There will be advertisement space in the sidebar as per the screenshot, and the video will be telecasted as per the video title (max limit for title '20 words') with the name of the uploader, and the description of the video given by the uploader maximum limit for description '300 words'.

Recommended videos shown to the non signed user will be the videos which are having maximum number of views on that week in that region.

Screen 12. User Watching video with sign in:

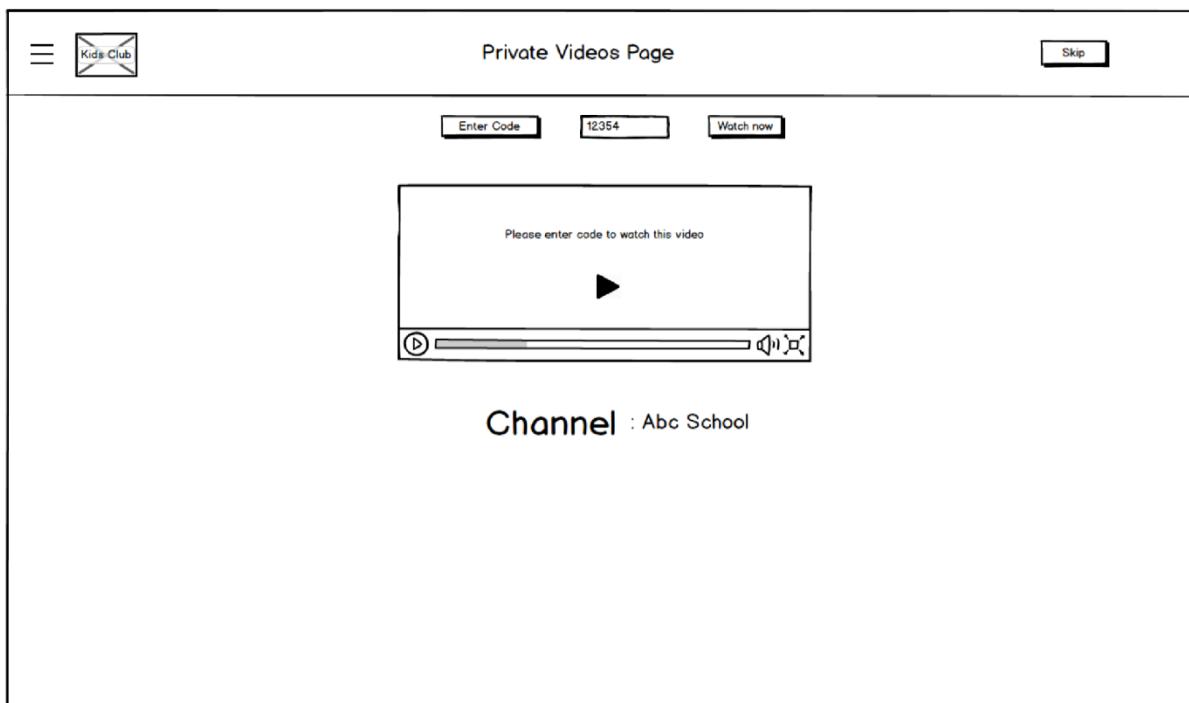

With Sign in user will have notification tab on the top with their profile.

Recommended Videos here will be the videos filtered as per the user interest by learning their history.

<<Button for Reporting illegal/inappropriate video to the admin to be there>>

Screen 13. Private video Page:

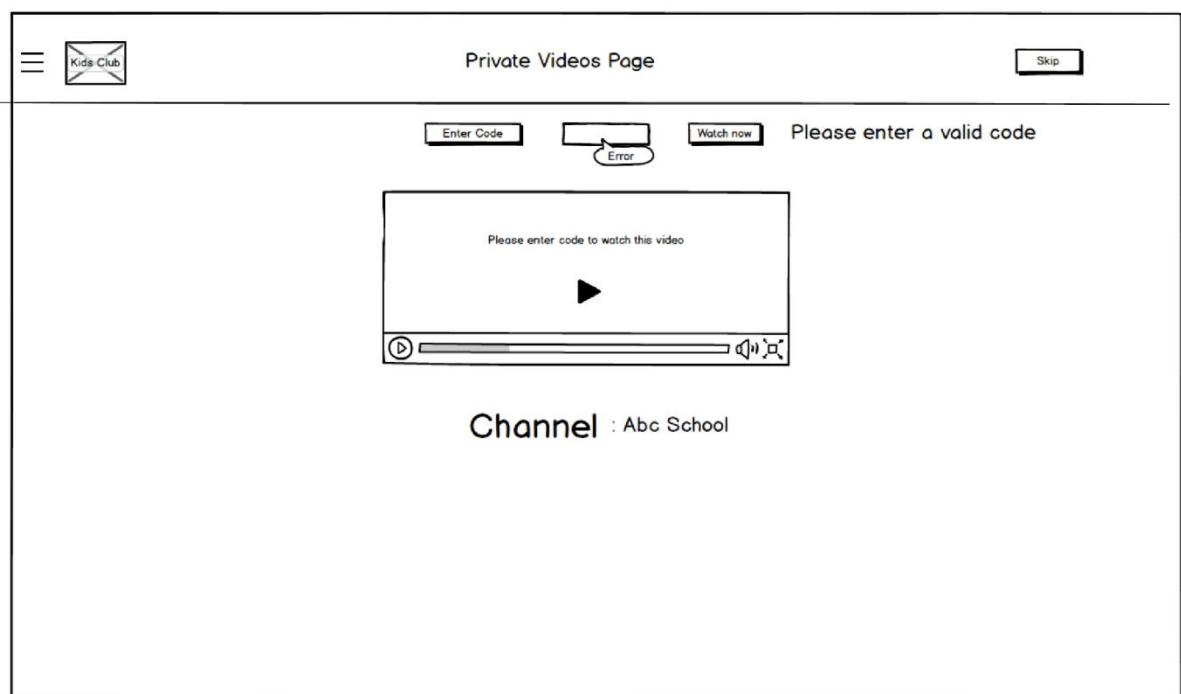

Private video can only be accessed by the private code which needs to be entered on that screen.

**Channel :Abc School is an advertisement here, for the channel named abc school.

Skip will take them to the main page i.e. signed in page.

**Note only registered user can watch private video.

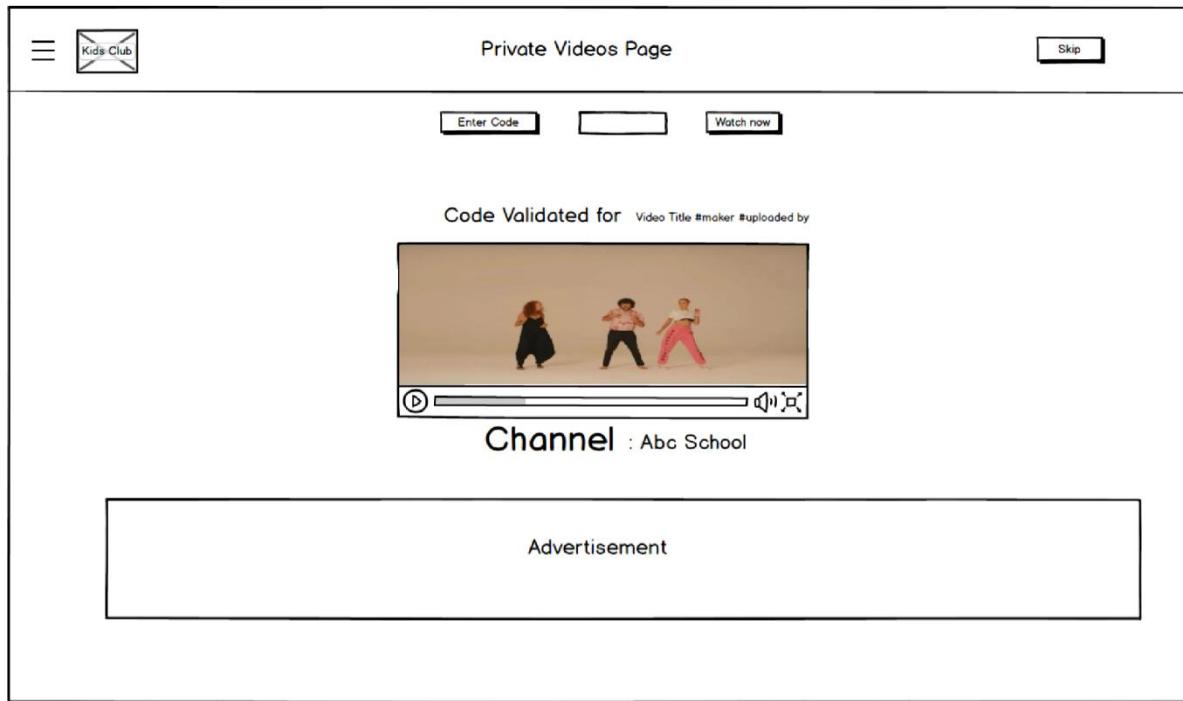

Screen 14. Private video Code Error:

Entering invalid code will give the message as per the screen.

**Channel :Abc School is a advertisement here, for the channel named abc school.

Screen 15. Private Video Playing:

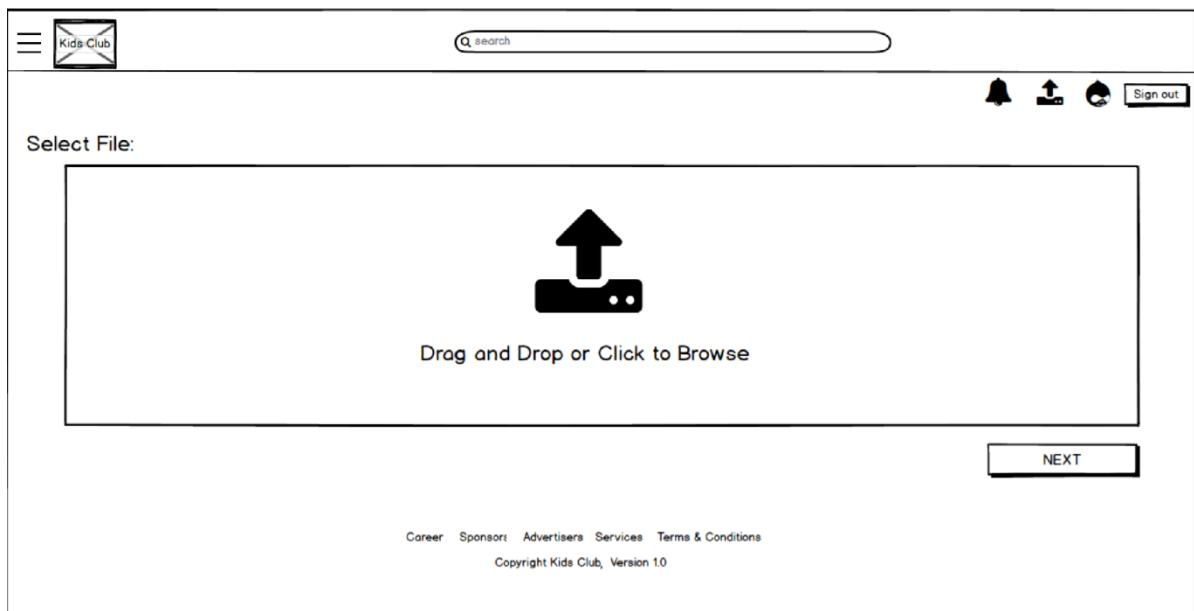

On successful entering a valid code video will be played on the screen.

**Channel :Abc School is a advertisement here, for the channel named abc school.

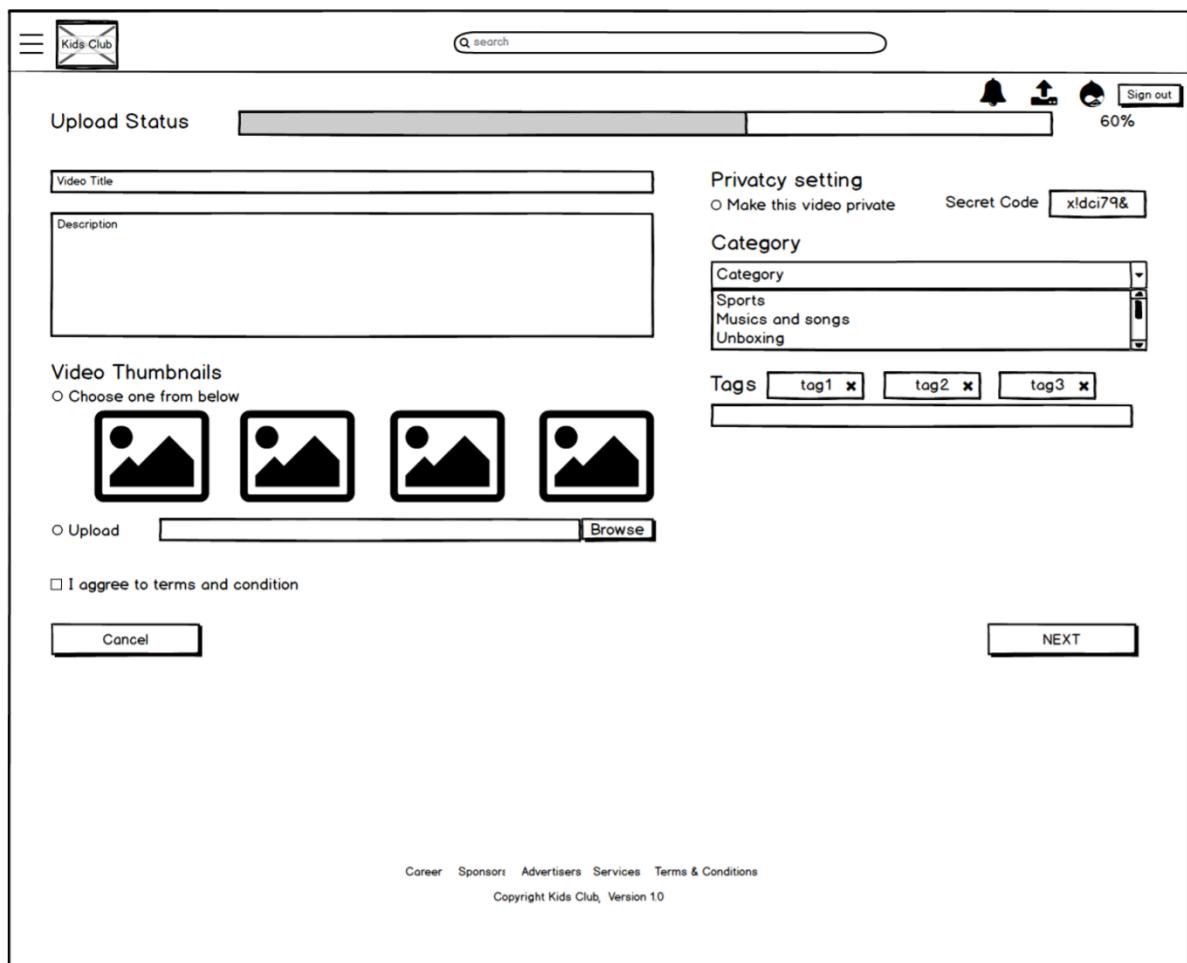

And the other advertisement banner will play below without disturbing user video.

Screen 16. Video Uploading page:

Where user can drag and drop or can click on browse to select the video to upload.

While the upload in the progress this page will come up:

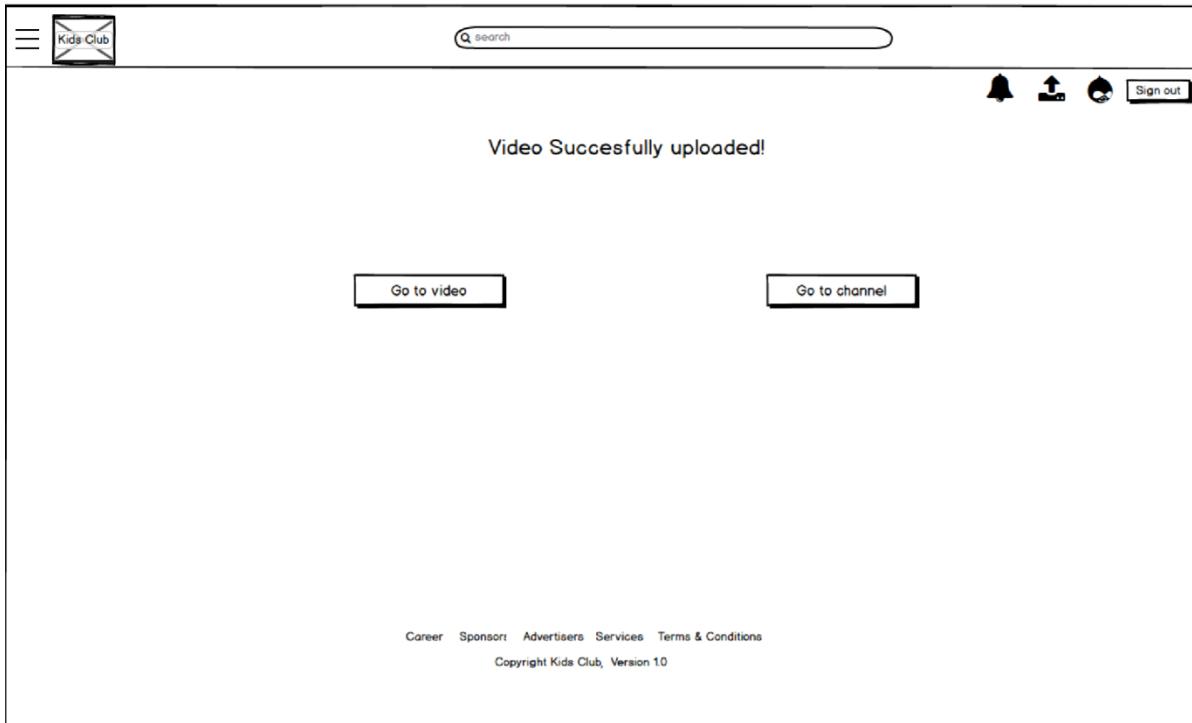

Where uploader need to add video title, description, category, accept the terms and conditions as mandatory.

On the other hand they can make it a private video if they do they will get a unique code which they need to share to the viewers to whom they want to show their videos.

They can add tags too, to make it more recognisable as per the tags trending.

Once the video is Successfully uploaded this screen will pop up:

Here user can go to the video to watch it on the platform.

**only user signed in as Company can go to the channel to watch their new video streaming on their channel.

***For other users Go to Channel tab is disabled.

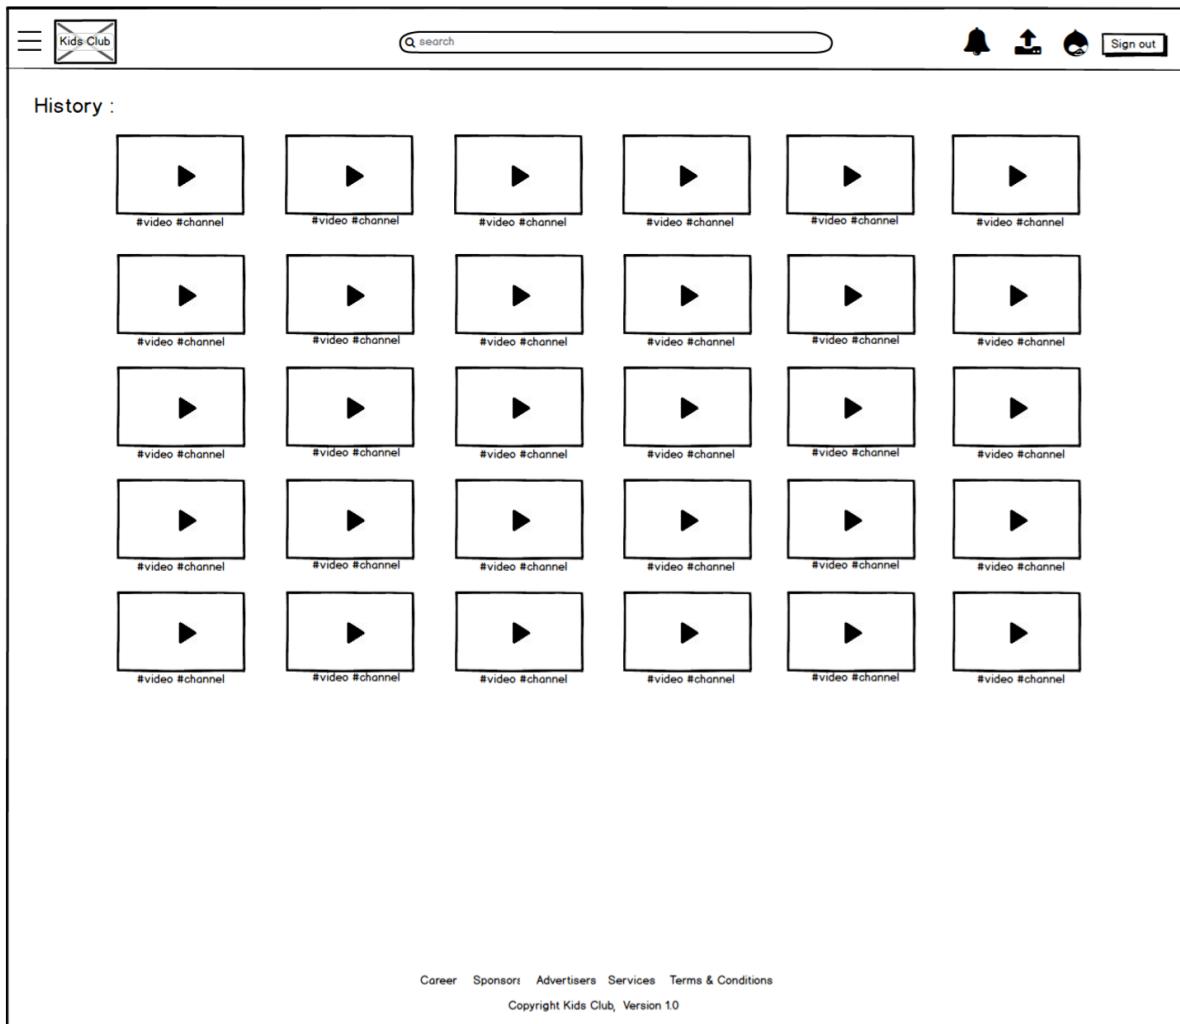

Screen 17. Different Categories page as an example we have sports category here:

The image shows a wireframe of a web application interface. At the top left is a logo for 'Kids Club'. To its right is a search bar with a magnifying glass icon. On the far right are icons for a bell, a user profile, and a sign-out button. Below the header, the word 'Sports:' is displayed. Underneath this heading is a grid of 24 small video thumbnail boxes arranged in a 6x4 pattern. Each thumbnail contains a black play button icon. Below each thumbnail is the text '#video #channel'. At the bottom of the page, there is a footer with links to 'Career', 'Sponsor', 'Advertisers', 'Services', and 'Terms & Conditions'. Below these links is a copyright notice: 'Copyright Kids Club, Version 1.0'.

When the user/company select the specific genre the page will show up all the videos associated with that genre as example we showed sports genre here.

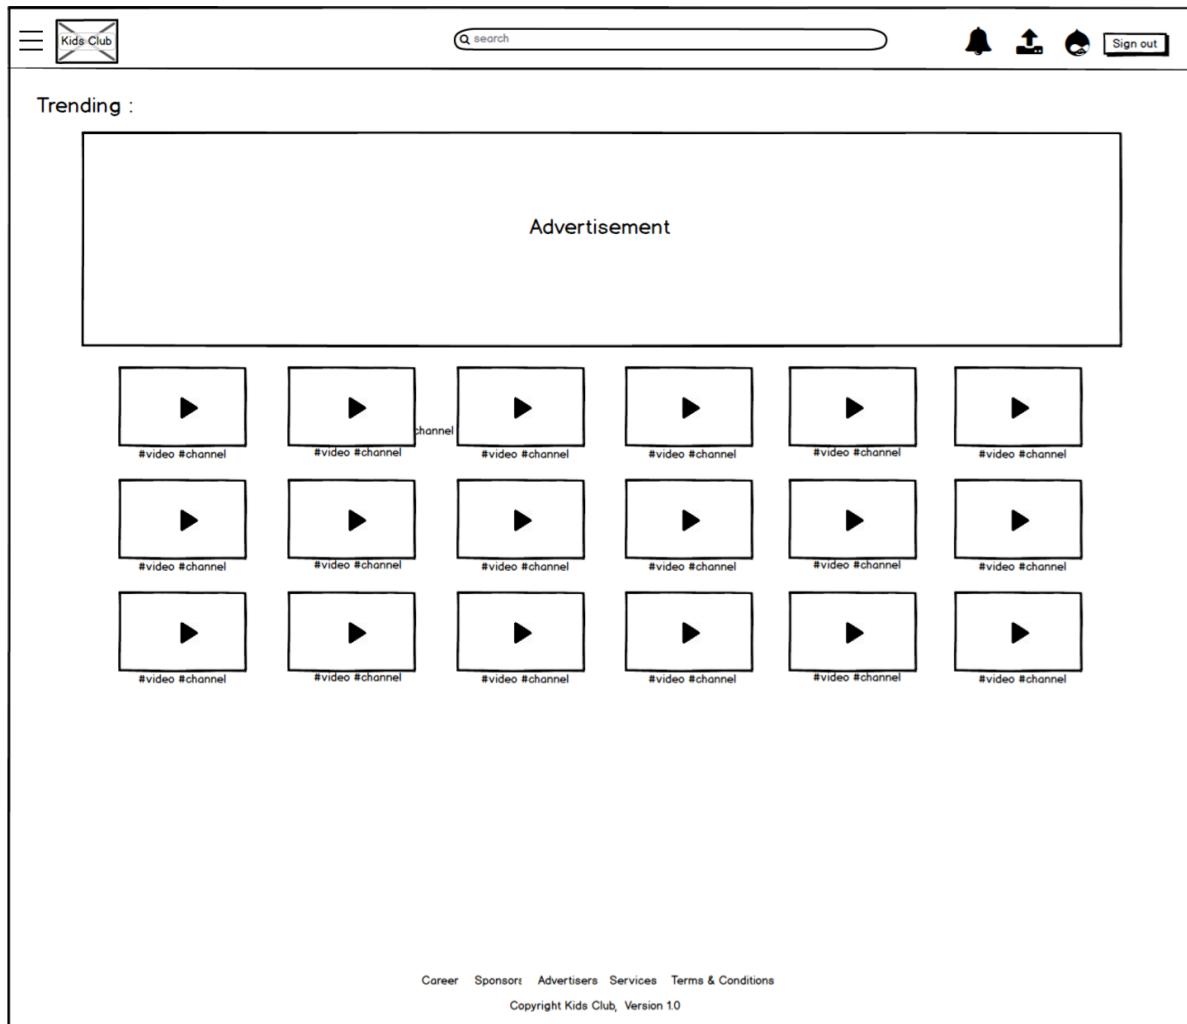

*******Note:** Genre Section need to be code dynamic as it will be dependent on the Admin Panel to add more Genre and delete some.

Screen 18: User check their History:

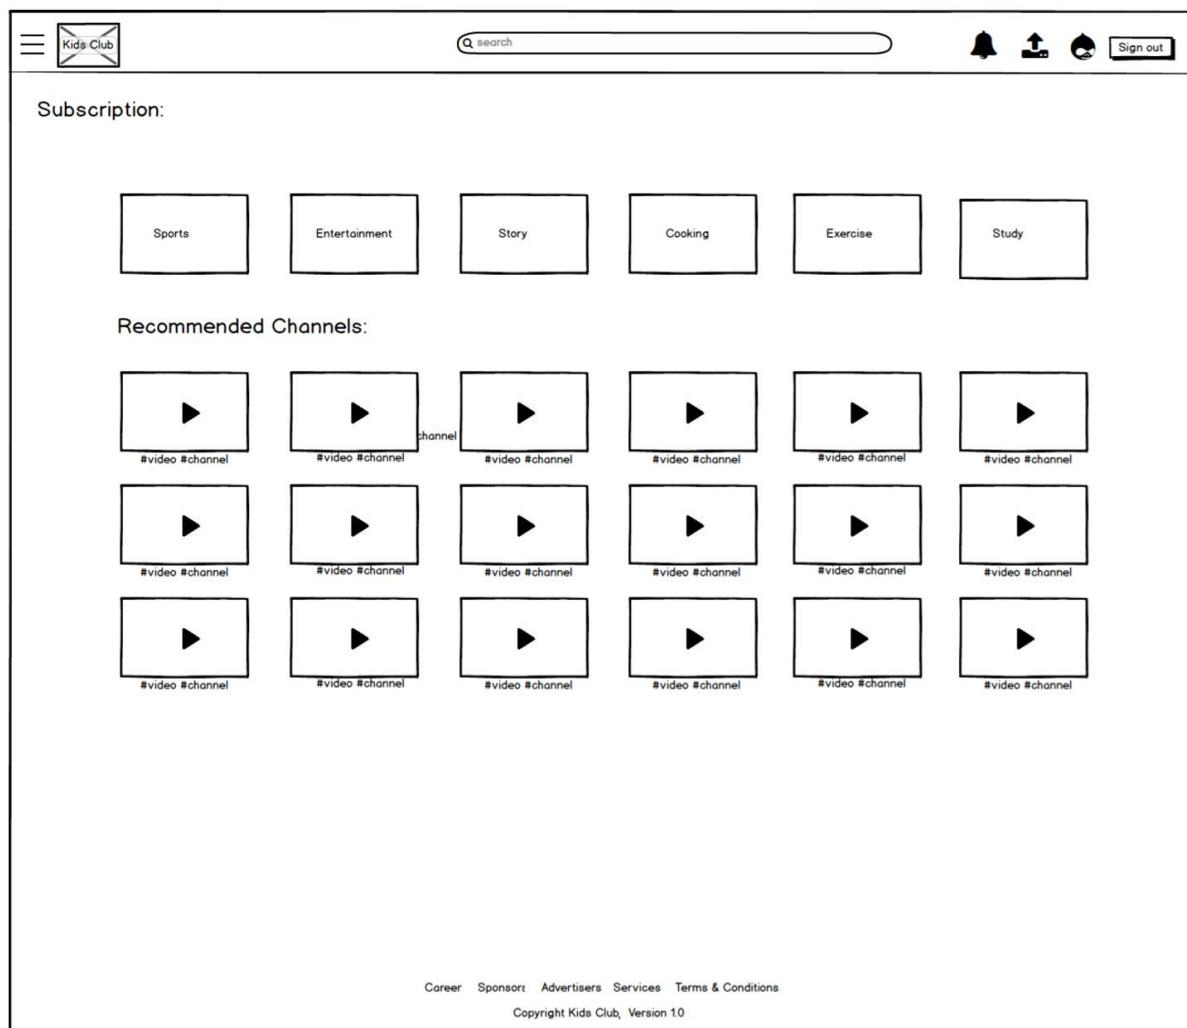

The videos will be shown like this when the user check the history of his/her account.

Screen 19: Clicking on the Trending Videos Tab:

Here Advertising space will be their and the videos with the maximum views will trend onto this page.

Screen 20: User clicking on the subscription videos:

User can see the channels for which they subscribed and also they will be recommended with the new channels.

Screen 21. Help Page

The screenshot shows a user interface with a header containing a logo, 'Help' with a magnifying glass icon, and user profile links for 'Notification', 'Upload', 'John', and 'Sign out'. Below the header is a form for submitting a query. The form fields are: 'Name:' with an input box, 'Email:' with an input box, 'Mobile:' with an input box, and 'Query:' with a large text area. A 'Send' button is located below the text area. In the bottom right corner of the main area, there is a link labeled 'Live Chat'.

Name:

Email:

Mobile:

Query:

Send

Live Chat

In case user have problem with the account they can opt for help by populating following fields and also can do live chat.

This screenshot is similar to the one above, showing the same help form. However, it includes a message at the bottom stating 'Thanks for your query, we will get back to you asap'. The rest of the interface, including the header and form fields, is identical to the first screenshot.

Name:

Email:

Mobile:

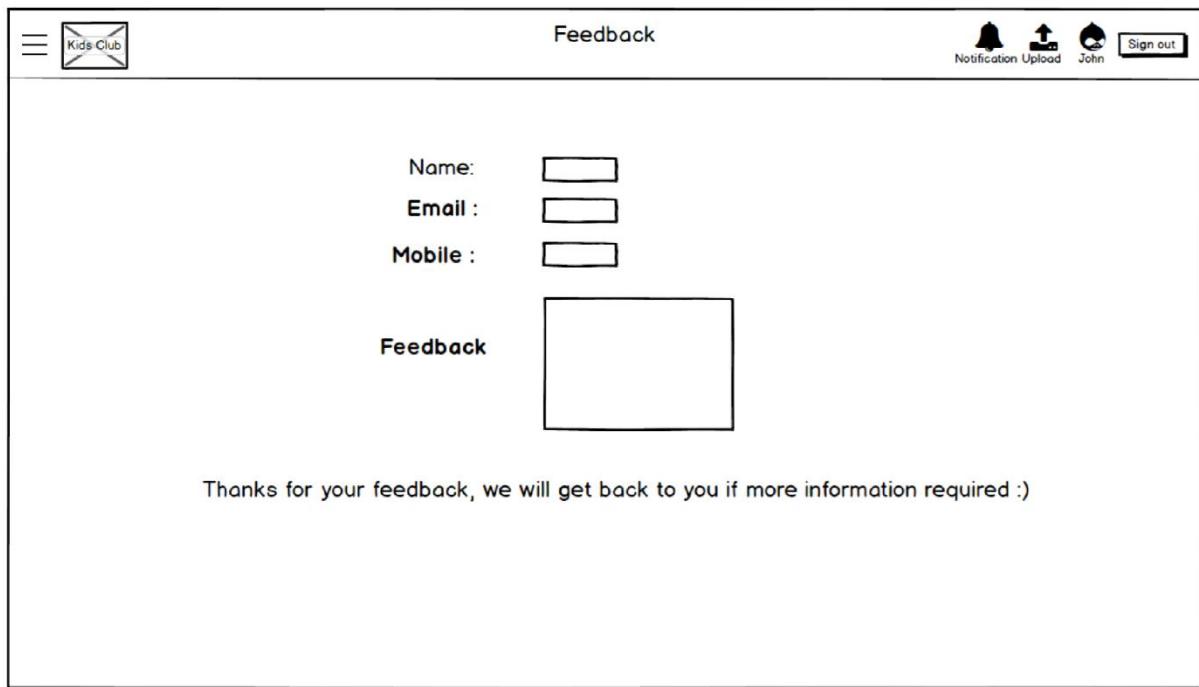

Query:

Thanks for your query, we will get back to you asap

Live Chat

Message shown to the user for their query when they send it.

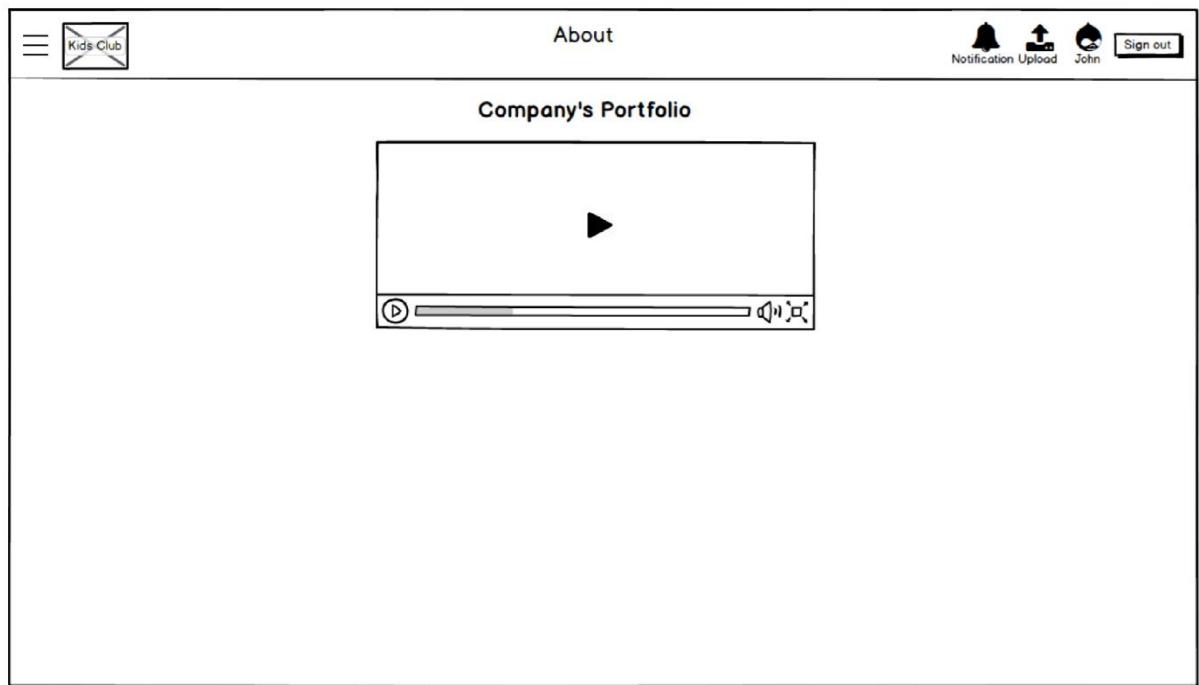

Screen 22. Feedback By the user:

The screenshot shows a feedback form titled "Feedback". At the top right are icons for notification (bell), upload (cloud with arrow), profile (person), and sign out. The form includes fields for Name, Email, and Mobile, each with a corresponding input box. Below these is a large text area labeled "Feedback" with its own input box. A message at the bottom states: "Thanks for your feedback, we will get back to you if more information required :)"

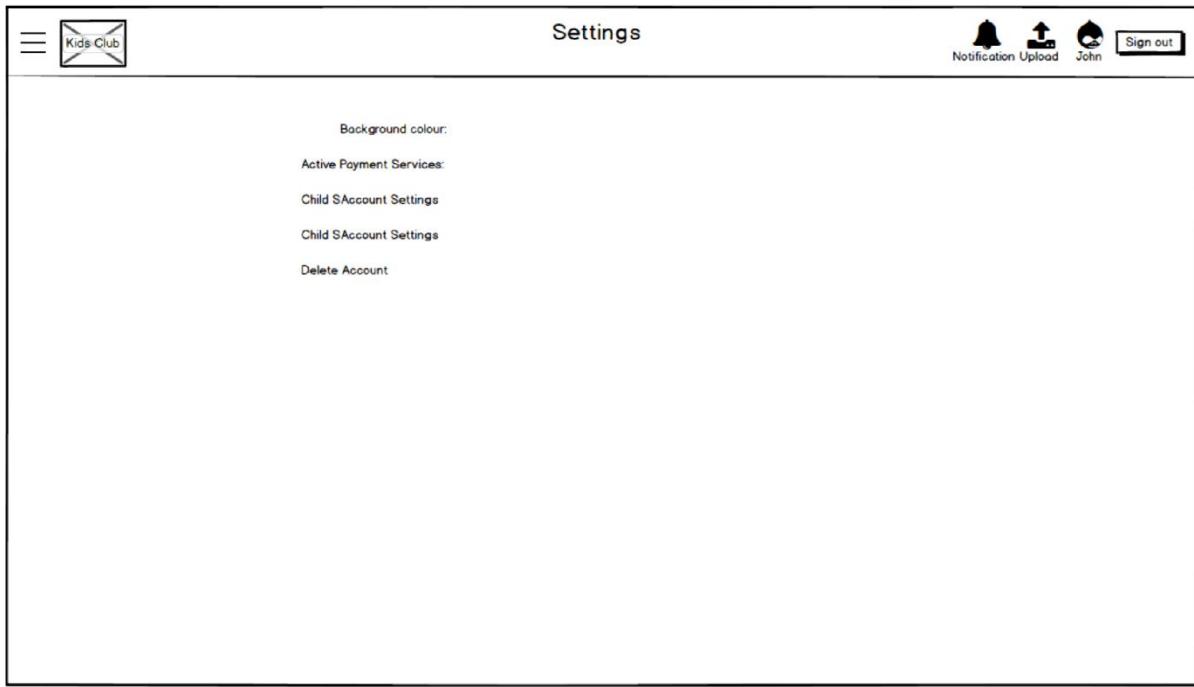

If user wants to give feedback they can do and when they send the feedback following message will pop up.

Screen 23. When user click on “About”.

I will show company and platform information in a video recorded message.

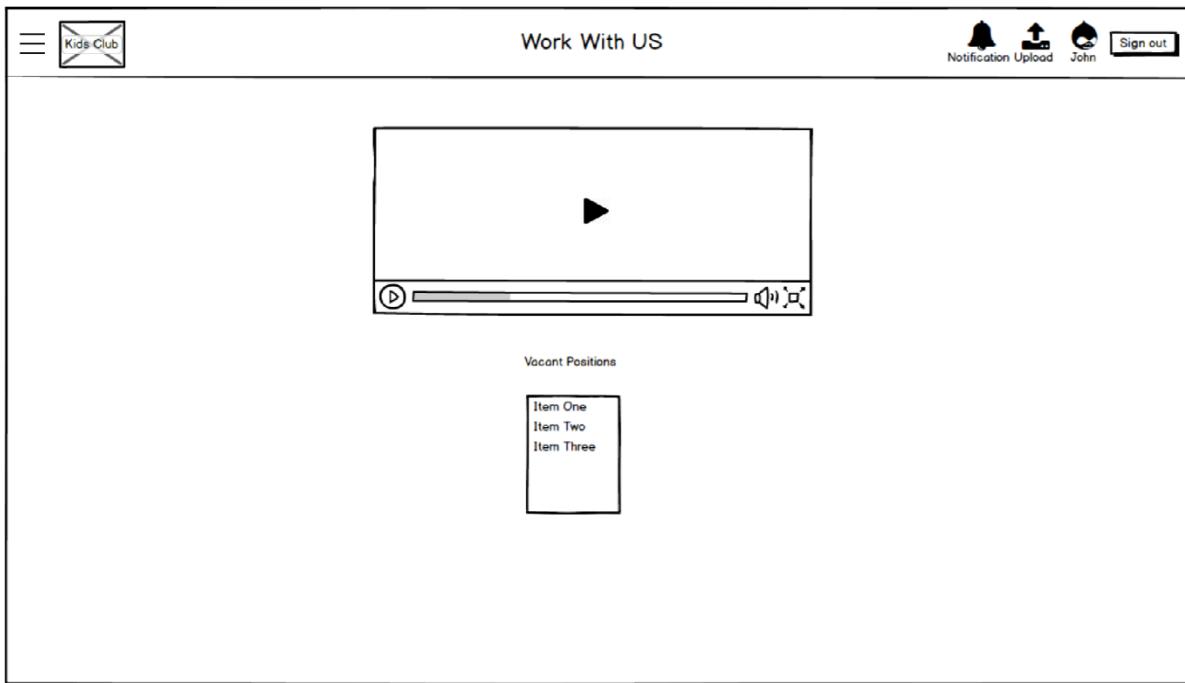

Screen 24. Settings Page:

*** Need to customize it as per the coding will finalise it in the last.

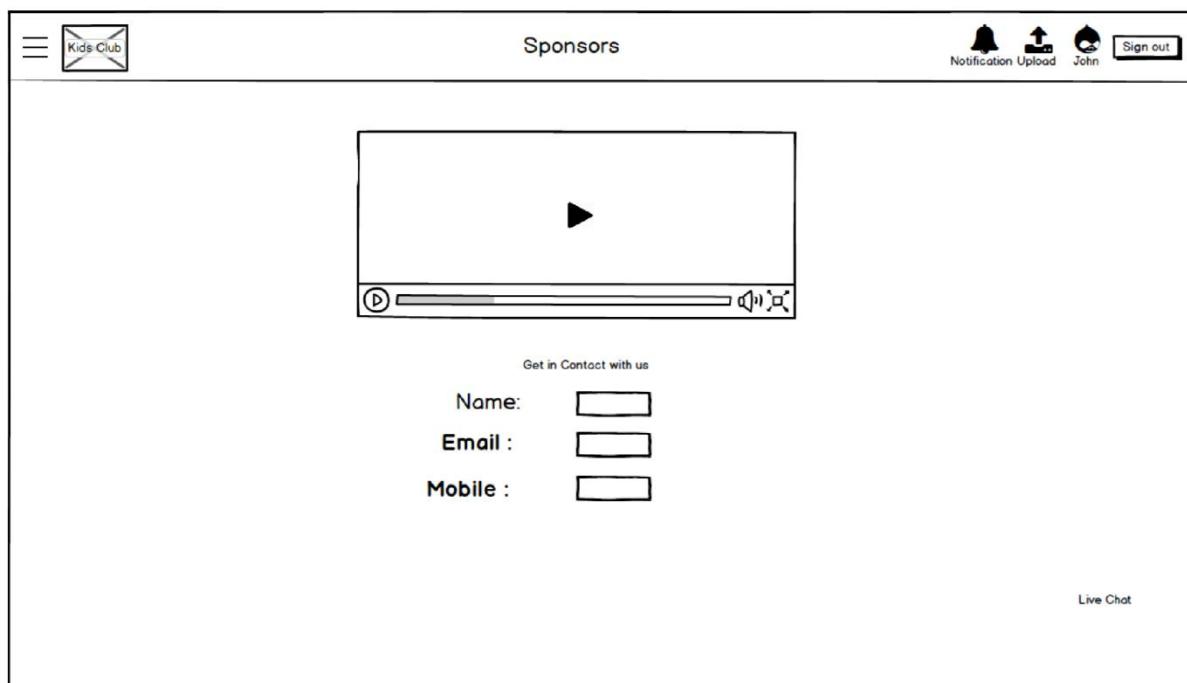

<<Editing user profile is to be there>>

Screen 25. When User Click on Career Page:

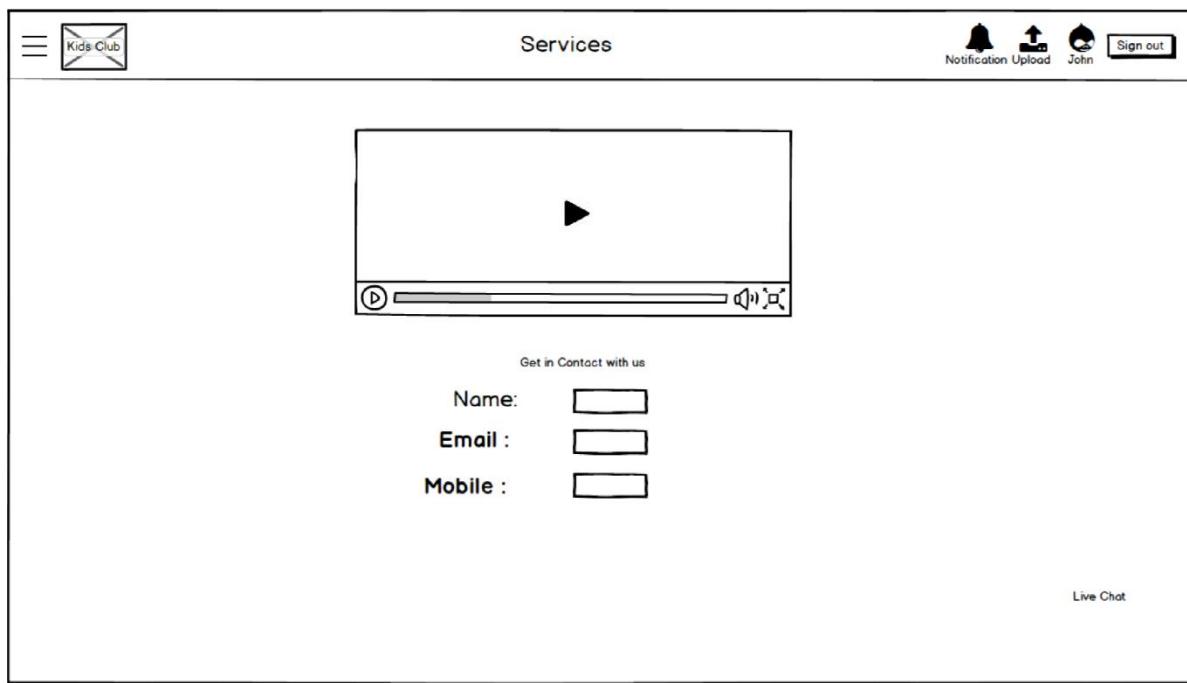

Available vacancies will showed here with a video message.

Screen 26: Sponsors field, this is for advertisers who want to advertise to our platform:

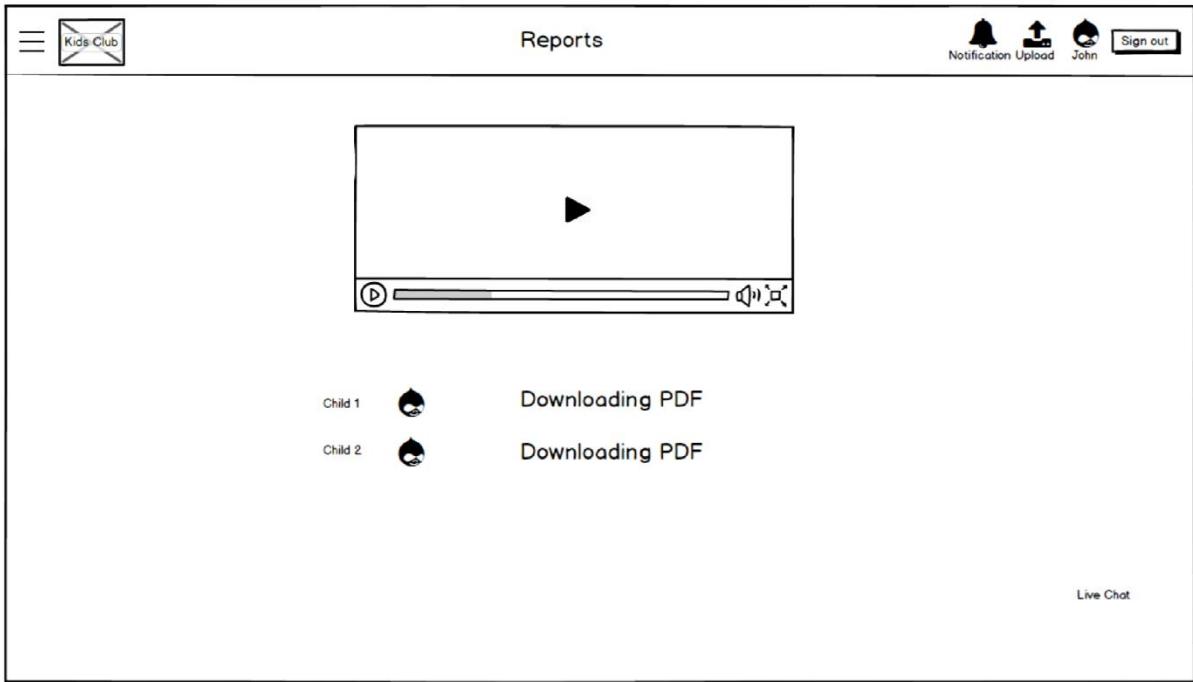

All the fields need to be populated with the send button, and can do live chat, and also the Customer care number will be provided on this screen.
